## UTAH BERRIES WILL DOUBLE TRACK IN NEVADA

Home strawberries appeared on the Ogden market this morning in quite large quantities and it is said by the dealers that they are the best in many years.

Charles Taylor of Riverdale has a small army of boys and girls picking. He states that so far, he has sold all his berries at not less than \$2 a crate. He figures on a crop worth \$2,000 to be harvested from his five acres.

In some sections frost damaged the strawberry crop, but in Riverdale the crop will be heavy.

## IS LOOKING FOR PROPERTY IN THIS COUNTY

J. E. Smith, representing the Lee Broom factory of Wichita, Kan., is in the city for a few days in the interests of his business and at the same time visit a farm which he himself and two brothers own at West Weber.

Mr. Smith states that a short time ago his father gave the three brothers a sugar beet farm at West Weber to which the father had fallen heir by the death of a friend a few years ago, and that none of the boys have ever seen the place. He says that it contains 80 acres of land which, he understands, is used largely in the cultivation of sugar beets. He does not know the name of the man from whom his father received title to the farm, and is wondering whether he will be able to locate his property. However, he is going to visit West Weber and make investigations.

## WAITING ON THE COMMISSION

Judge V. C. Gunnell of the juvenile court is experiencing the delays that often result when busy public officers are placed upon a commission. For several weeks the judge has been waiting for the juvenile commission to act upon his appointments of assistant probation officers and his clerk but thus far the matter has remained undecided.

Governor William Spry, Attorney A. R. Barnes and State Superintendent A. C. Nelson make up the commission. Up to date, the three men have not succeeded in getting vacant moments at the same time. Consequently the recommendations to the commissioners are still on file.

According to the reorganization of the juvenile courts, Judge Gunnell has named his assistant juvenile probation officers for Morgan, Davis and Weber counties, but he cannot get his court into formal working order until the commission acts.

## INVESTIGATING PAVILIONS IN PARKS

At the meeting of the city park commission yesterday afternoon, the report of the superintendent was received.

The report stated that the superintendent, with the president of the board, had visited Salt Lake parks with a view to investigating the manner in which pavilions in the parks are conducted, in contemplation of the establishing of a pavilion in Liberty park.

The superintendent reported that no word had been received from the city board of education respecting the proposed co-operation between the park and the school boards in improving Monroe park and he recommended that a conference with the superintendent of schools be held.

The recommendation was approved and superintendent Van der Schuit was authorized to meet Superintendent John M. Mills of the city schools.

It was announced that Burton Driggs will have charge of the play grounds in Liberty park again this year. Mr. Driggs conducted the play exercises for the children last year. He will take charge of the park June 15.

Pay rolls were allowed and ordered paid and the salary of the keeper of Central park was raised \$10 a month.

Some diseases might be more easily cured if they had simpler names.

San Francisco, June 6.—Double tracking part of the company's lines in Nevada will cost the Southern Pacific company \$2,134,120 according to an itemized system filed today with the state railroad commission. The company sought permission to issue \$30,000,000 in 5 per cent, two-year notes, for improvement purposes. About ten millions will be expended in California and Nevada, according to the statement.

The commissioners were told when the statement was presented that the company saw no need of segregating expenditures "because of any underlying ownership." This was taken to indicate the intention of the company to proceed with contemplated improvements on the Central Pacific, held under lease, without fear of loss through the dissolution of the Southern Pacific-Union Pacific merger.

## COLORED BAND DESERTS THE CARNIVAL

The Campbell carnival, on Grant avenue and 27th street, is without a band, the colored gentlemen constituting that part of the show having departed for Evanston, Wyo.

The band men left the show without the consent of the manager who was scarcely aware of their departure before they were well on their way to the Wyoming city.

Manager Campbell was angered over the antics of the colored men and he hurriedly made a request on the sheriff to place the men under arrest on the charge that they were taking with them musical instruments that do not belong to them. The sheriff, however, advised the manager that he could not make an arrest unless a complaint were filed and a warrant issued. Mr. Campbell said he would swear to a complaint, but up to a late hour this afternoon he had not done so.

There are 12 colored men in the band and they all left the Campbell company, claiming that they had not been paid in full for their services. They also stated that the instruments belong to them. They were offered employment by a show company in Evanston and immediately accepted the position, departing for that place with all speed.

Campbell advised the sheriff that his carnival will continue its performance as scheduled in Ogden and will go to Pocatello Monday.

## THREE DAYS OF WHITE WAY CARNIVAL

Plans for the monster carnival and celebration to be held on the completion of the "White Way" will be considered at a meeting of Publicity bureau directors within the next two weeks. The celebration will extend over a period of three days and arrangements will be made with the railroads for excursions to be run from all Utah cities.

Not only will the "White Way" be celebrated, but progress along all lines will be commemorated.

It is the desire of the bureau to give the carnival a name that will be appropriate for a booster event of the sort. The name will be a slogan that will appear on badges, hat bands, advertising matter to be sent out. In other words the desire is for a slogan that will be short and will impress strangers with the fact that Ogden is a progressive city.

## CONVENTION ON GOOD ROADS

J. D. Larson, secretary of the Inter-Mountain Good Roads association will leave tomorrow for Boise to be gone until after the convention, which convenes on the morning of the 10th and continues for three days. The secretary will take with him a copious supply of boosting material to be given out to the delegates attending the convention. The other delegates from Ogden will do likewise.

Governor Wm. Spry has reported to the secretary that he has named James Pingree and Moroni Skeen as delegates from Ogden.

Swinging around the circle does not constitute a social revolution.

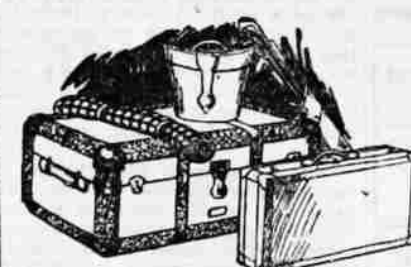

## Furniture for the June BRIDES

Happy homes can be furnished from cellar to garret at 30% to 40% less than you pay elsewhere if you buy your furniture here.

The most complete line of NEW and SECOND HAND furniture ever displayed.

## SPECIAL TRAIN WITH HOTEL EMPLOYEES

The first party of Yellowstone park hotel employees went north this morning in an extra coach on the Oregon Short Line. This preliminary force will begin to get the resorts ready for the opening of the park season, June 15.

Since Saturday there has been weekly freight service over the Yellowstone branch for the accommodation of the resort keepers.

On June 13, a special train of park employees will arrive from Los Angeles to be taken north over the Short Line. The train will be made up of one baggage car, one smoker, one chair coach, four tourist sleepers and a diner, and an additional baggage car will be added at Ogden. The size of the train will necessitate a double header being used at Ashton, Wyo.

The hotels in the park in most cases are owned by proprietors of winter hotels in California. Upon the close of the park season, the help is sent to the winter hotels which are kept running through the season until shortly before the opening of the park season again, when the help is returned to Yellowstone. Much of the furniture and furnishings are used in the summer and winter hotels.

According to advices received, the Yellowstone special of the Oregon

Short Line will consist of the same equipment as last season and the first train will leave Ogden June 15.

## DR. CONDON

IS AGAIN IN HIS OFFICE WHERE HE WILL BE GLAD TO MEET HIS OLD FRIENDS AND PATRONS.—Adv.

## BEATER OF THE TOM-TOM BEAT HIS BOARD

Joseph Senn, the tom-tom beater with the Oriental dancing girls at the carnival, was arrested yesterday on the charge of running away from a room bill which he had contracted in Ogden in October, 1912, while employed at the shops in the capacity of boilermaker.

Senn pleaded guilty in court this morning and his employer stated that the bill had been made right with the landlord.

Judge Reeder took the matter under advisement until tomorrow.

J. D. Lepper pleaded not guilty to the charge of obtaining property under false pretences and his case will be heard Monday.

Lepper, who is the White sewing machine agent in Ogden, is charged by Mrs. P. R. Shupe with taking a machine from her home for the purpose of making repairs and then refusing to return the machine when ordered to do so.

Lepper claims the repairs have not been made and is waiting to finish the job.

## FIFTY DOLLARS FINE FOR HAGGERTY

After finding Mike Haggerty, a waiter, guilty of drunkenness and disorderly conduct at the ball grounds yesterday afternoon, Judge Reeder this morning imposed a sentence of \$50.

According to the arresting officer, William Richardson, Haggerty secured a ticket for 50 cents and then tried to get in the grandstand with the bleachers' ticket. When he was told that he should have paid an additional quarter, Haggerty began to abuse the officer in the presence of women. Upon being returned his admission fee and placed outside the grounds, he kept up his abuse and was arrested.

Entertainment in police court was furnished by the seven vagabonds who stood in a row and pleaded guilty to the charges preferred against them. The seven were the men arrested yesterday morning while they were being "pickled" in the rear of the pickle works on Wall avenue. Each man was given an opportu-

ity to talk and most of them took advantage of the opportunity and amused the audience.

After a lecture, sentences were suspended on the entire party.

Karl Ellsner, charged with stealing a watch and chain from P. C. Williams, did not answer to his name and his bail of \$25 was forfeited.

## FOWLER GOES TO HELENA TEAM

Pitcher Fowler, who was released from the Ogden team two days ago, has been signed by Helena and the former Ogden player left last night for Butte to join his new club. Danny Shay telegraphed to Fowler as soon as he had heard of his being released.

Dorch, the shortstop who has played with Ogden for the past ten days, was released last night. Dorch intends to accept the offer of the Midvale club to play semi-professional ball.

Fox, a catcher from the Quincy team of the Three-I league, joined McCloskey's band of ball players last night and will probably work in harness today for the Skyscrapers.

## DE LUXE TRAIN IS TO MAKE SPEED

Beginning June 8, when the new Southern Pacific time card goes into effect, the Overland Limited de luxe train will cut down the time consumed in making the trip from Chicago to San Francisco, one hour and 45 minutes. The train will leave San Francisco at 4 o'clock p. m. instead of at 2 p. m., as at present, but the train will arrive in Chicago at 9:15 p. m., only 15 minutes later than it does at present. The stop in Ogden will only be long enough to put on a diner and give the cars a washing.

Beginning June 8 also, the Southern Pacific will have an afternoon train arriving in Ogden at 4:45 p. m., Ogden time.

## Real Estate Transfers.

The following real estate transfers have been placed on file in the county recorder's office:

J. J. Brummitt and wife to Florence O. Stanford, a part of lots 4 and 7, block 54, Nob Hill addition; consideration, \$150.
